Aachen, Germany, January 2024 – Effective 1 January, Mayank Agochiya assumed the role of president of FEV Asia. In this capacity, Mayank joins the global management board of FEV, a leading global innovation driver in the mobility, energy and software development sectors.

Mayank, who has more than two decades of experience in engineering and strategic consulting in various roles in Asia, Europe and North America, joined FEV in 2016. Prior to his appointment as president of FEV Asia, he served as managing director of FEV Consulting in the U.S., where he successfully drove the company's expansion. He will continue to hold this role on an interim basis.

Mayank began his career as a calibration engineer in India and Japan. He also held various management positions in in Korea, China and Turkey. In his new position, he succeeds Ulrich Pfahl, who left FEV at his own request.

"We are pleased to have found the ideal candidate for the position of the president of FEV Asia in Mayank Agochiya. In addition to his professional expertise, he is very familiar with the different markets and cultures in the Asian region," said Patrick Hupperich, president and CEO of FEV Group. "At the same time, we would like to thank Ulrich Pfahl for the trusted and successful collaboration over the past six years."

About FEV

FEV has always pushed the limits.

FEV is a globally leading engineering provider in the automotive industry and internationally recognized leader of innovation across different sectors and industries. Professor Franz Pischinger laid the foundations by combining his background in academia and engineering with a great vision for continual progress. The company has supplied solutions and strategy consulting to the world's largest automotive OEMs and has supported customers through the entire transportation and mobility ecosystem.

As the world continues to evolve, so does FEV.

That's why FEV is unleashing its technological and strategic expertise into other areas. It applies its forward thinking to the energy sector. And its software and system know-how will enable the company to lead the way making intelligent solutions available to everyone. FEV brings together the brightest minds from different backgrounds and specialties to find new solutions for both current and future challenges.

But FEV won't stop there.

Looking ahead, FEV continues to push the limits of innovation. With its highly qualified > 7,300 employees at more than 40 locations globally, FEV imagines solutions that don't just meet today's needs but tomorrow's. Ultimately, FEV keeps evolving – to a better, cleaner future built on sustainable mobility, energy

and software that drives everything. For the company's partners, its people and the world. #FeelEVolution
